

# Sharing Your Skype Details

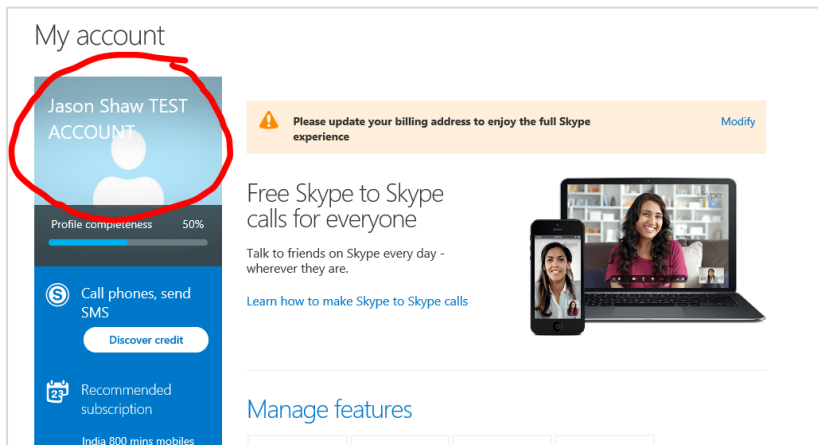

## Your Name:

Share your first name and last name you used when setting up the Skype account.

## And your Skype Name:

You can find and share your Skype Name by:

- Go to [www.skype.com](http://www.skype.com)
- Sign in (top left of the screen)
- Click on your profile

- From here you can manage your account and also see your Skype Name. You can share this with people you want to Skype call so they can add you to their Skype contacts list.
